Re: Creuzot Homes
Allen Creuzot

I am writing this letter to share with you my recommendations for Creuzot Homes. We met Allen Creuzot of Creuzot Homes in April 2006 after purchasing our lot on 3227 Embree Place.

Immediately my wife and I felt very comfortable with Allen. Being rookies to building a home, Allen took the time and explained the steps involved in hiring his company and the steps in which our home was to be completed.

Allen was always very prompt and available to meet with us. We were devastated that we were not able budget wise to build the home we had originally picked out, but due to his diligence, we were able to approve a plan he had picked for us and turn it into our dream home.

During each phase of construction we were brought in and shown the progress of the home and the quality of material used. On each visit, we were openly encouraged to share our thoughts and directions.

Further during the construction process, Allen introduced us to his tradespeople who were very professional and easy to work with. Allen had prepared a budget for each sector of the home and that enabled us to concretely see how our home would develop.

Building with Creuzot Homes was easy and not intimidating. Some contractors can be difficult and not approachable. Allen was very open to change and welcomed last minute additions.

Creuzot Homes did many things over and above what was expected of a builder. For example, Allen had coordinated with our aftermarket supplier to have our pool table and hot tub ready for upon our taking possession. He coordinated with a respected landscaper to work with us.

Overall, the experience my family has had with Creuzot Homes was and is very positive. Any questions or concerns we have are promptly taken care of. Our dream home is beautiful and constructed with quality materials and workmanship. We definitely live in a home we are proud of.
